Technology Entrepreneur Center

GRAINGER ENGINEERING

WED | SEPT 20

Come pitch your ideas, find teammates to scale your startup, or just sit back and check things out at **SocialFuse!**

RSVP | go.illinois.edu/socialfuse

TUES | SEPT 26

Learn about the week-long trip to Silicon Valley where a select group of students learn from entrepreneurs and alums. **Application deadline for the trip is Oct. 1.** go.illinois.edu/sview

WED | SEPT 27

Join us for the **Startup City Scholars Networking, Kickoff, and Info Session.** Learn how you can build a startup with UChicago students and get course credit.

go.illinois.edu/scs

THURS | SEPT 28

Hear from advisers and current students and learn how the **Innovation, Leadership, and Engineering Entrepreneurship (ILEE) Dual Degree** can help you gain a competitive edge in the job market.

RSVP | go.illinois.edu/ILEE

APPLY BY OCT 1

Now available to grad students in almost every Grainger Engineering program! Learn to tackle the business facets of industry-relevant problems and have these skills officially recognized on your transcript. go.illinois.edu/eigrad

THURS | OCT 5

For students working on a startup! Come learn about the basics of trademarks and patents with Prof. Joe Barich, TEC instructor named as **exceptional** from course ratings. go.illinois.edu/oct5

Agenda

- Review homework examples
- Customer/Stakeholder Roles
- Ecosystem/Stakeholder Maps
- Customer Segments
- Archetypes/Personas
- Breakout: Identifying Stakeholders

Another pitch example

- <https://www.youtube.com/watch?v=JXF7FqEEtwU&t=602s>
- Start at 24:13

Homework examples

Customer Segment: 18–24-year-olds transitioning into early adulthood

Gains:

- Being able to use food resources/materials in the correct way to become healthy
- Save money

Pains:

- Not knowing how much to spend on ingredients
- Not knowing what materials to buy

Jobs To Be Done:

- Know how much to buy of each ingredient and at what price
- Know what materials to buy and what materials to use for what purpose
- Know what foods are within your budget

Customer Segment

Team CANDi (Nitya Sunkad, Abraham Han, Christopher Brown, Dhruv Mehta)

Gains:

- Get an internship
- Get a job after graduating
- Get experience in industry
- Find mentorship and industry connections
- Feel more confident in hard technical skills
- Stronger resume

Pains:

- Can't find quality resources to upskill themselves
- Bootcamps and online courses are expensive and difficult to retain motivation for
- Frustration/lack of confidence with applying to internships and being ghosted/not moving forward in the process

Jobs To Be Done:

- Learn hard technical skills
- Add experience to resume
- Work on technical projects / clubs
- Obtain guidance and mentorship about the right steps to take
- Get an internship
- Get a job in the future

Customers and Stakeholders

Who is the customer?

Stakeholders Roles

End User

The person who will actually use the product or service.

Decision Maker

The person with the clout to decide which solution gets adopted

Payer

The person who has the budget for the solution

Influencer (external)

The person who 'weighs in' on the solution selection, adoption, and/or purchase

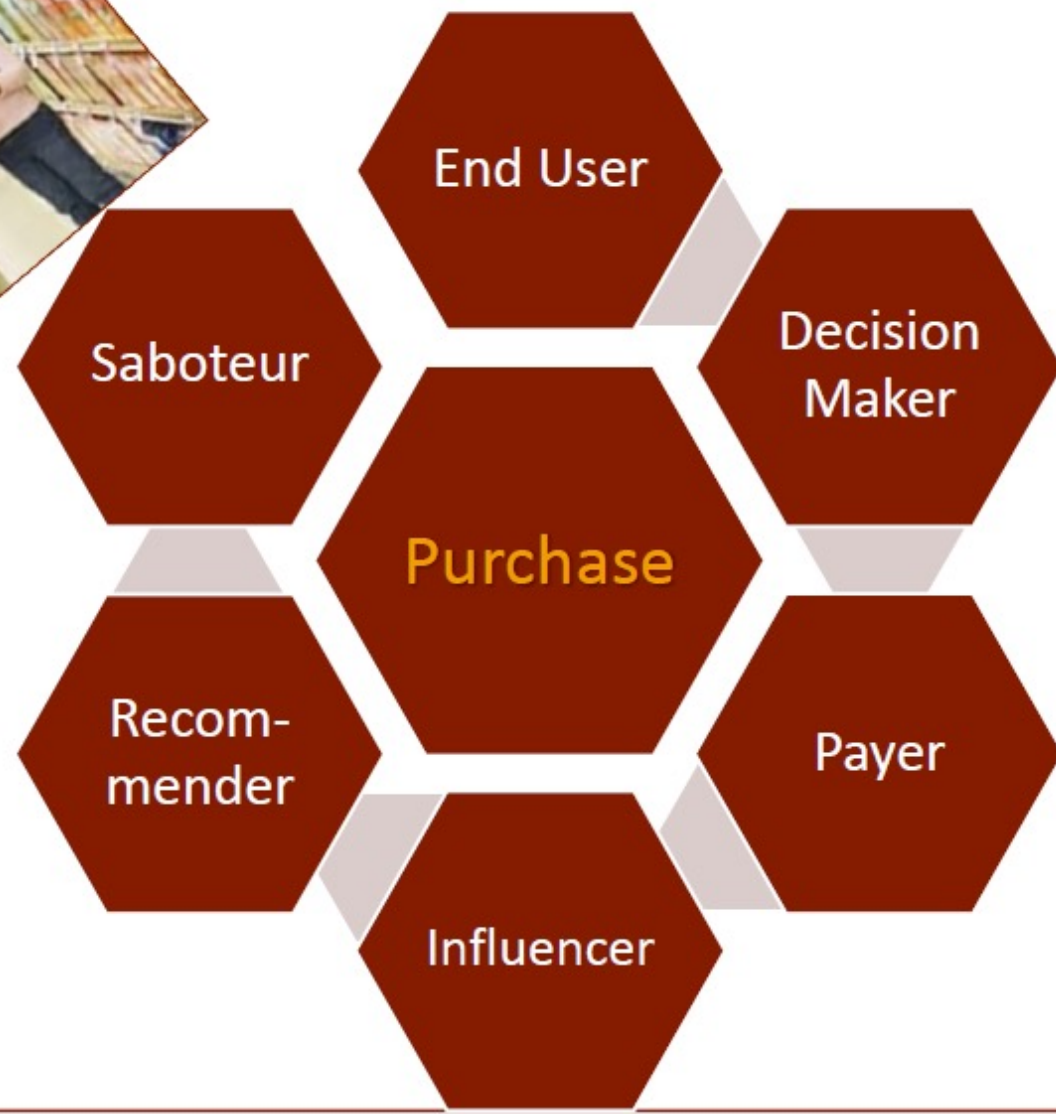

Recommender (internal)

A person tasked with making solution recommendations

Saboteur

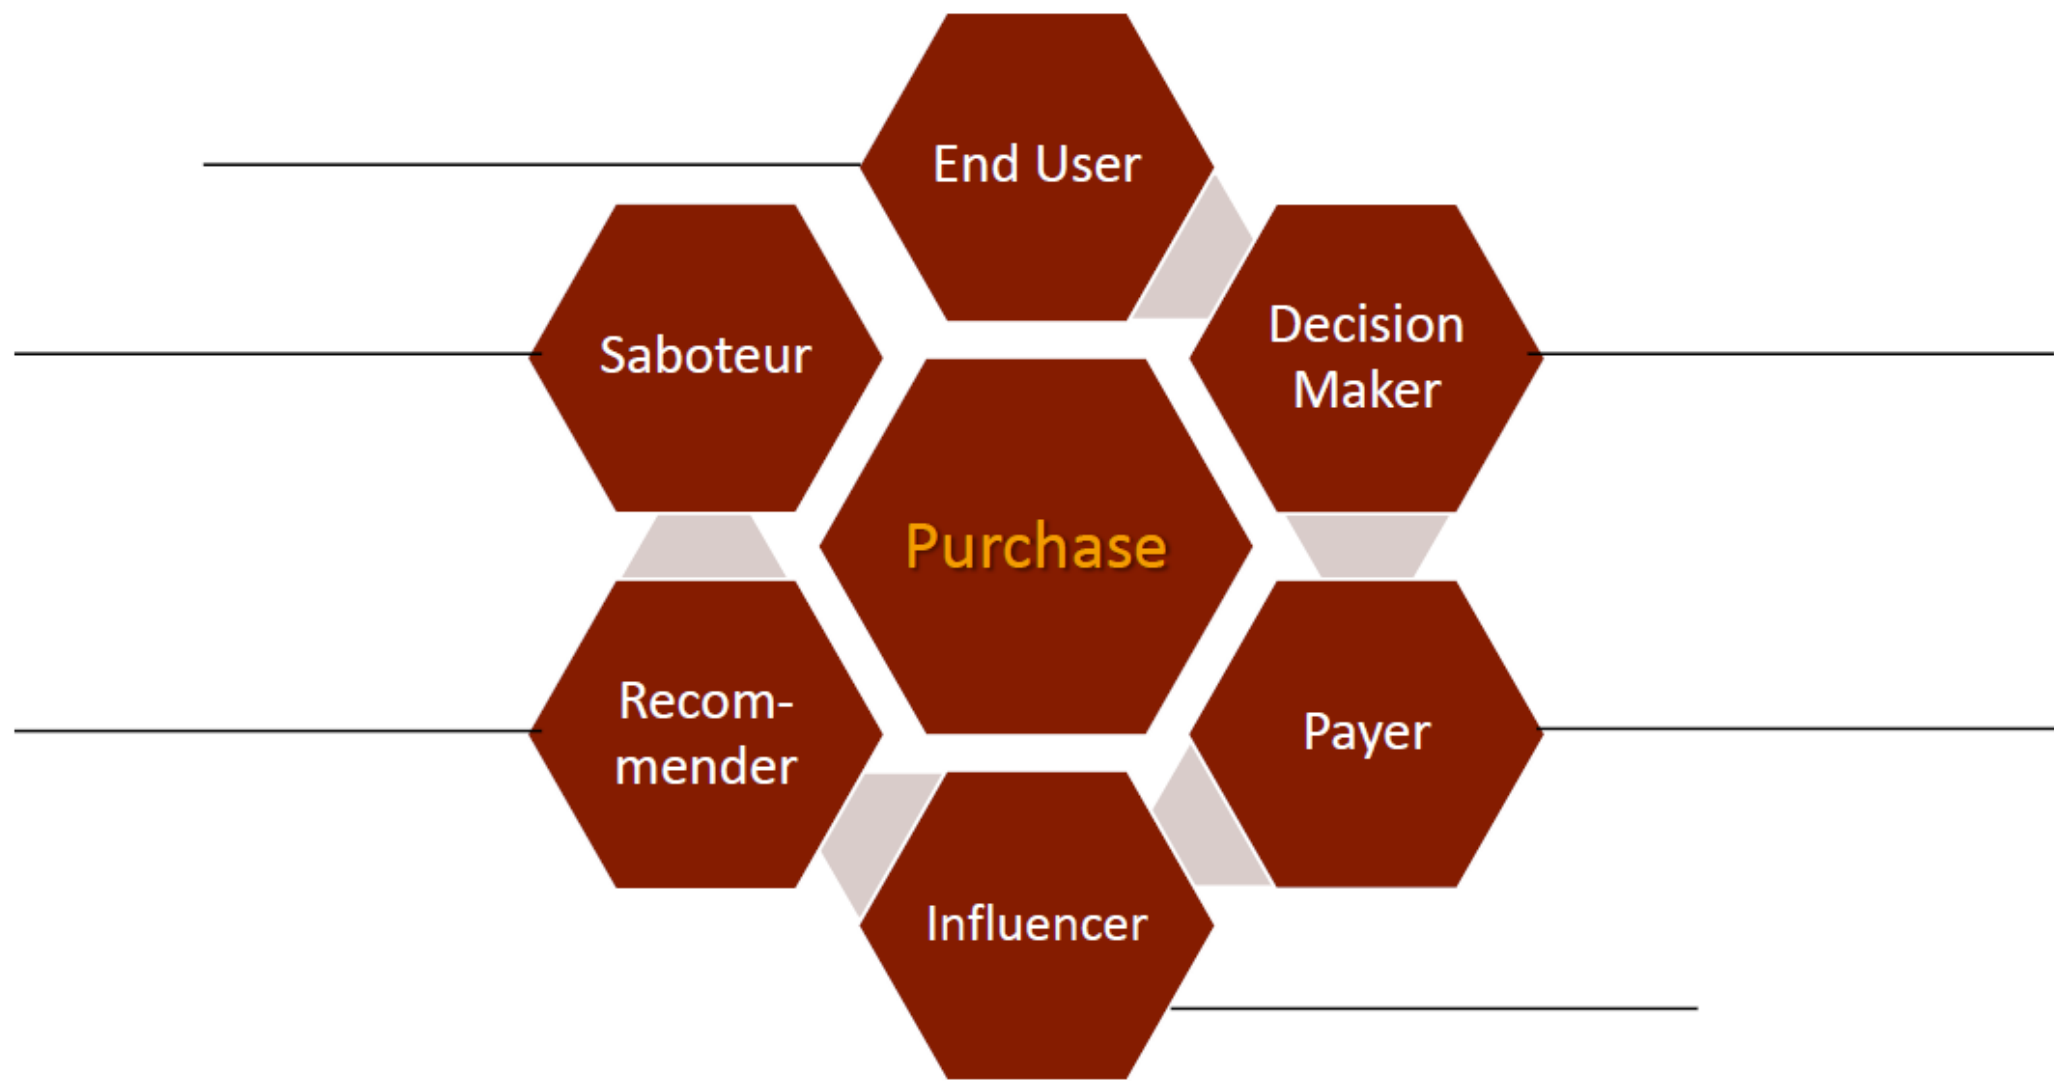

A person who loses out if the solution is adopted

Customer Roles

Customer Roles Worksheet

For your project, list the specific role/job title that is likely to represent the various influence roles in the customer buying center. Note that some roles may not be relevant in your situation (e.g., insurance companies or “payers” play a critical role in healthcare payment, but may not be a critical role in other industries).

Multiple Customer Segments

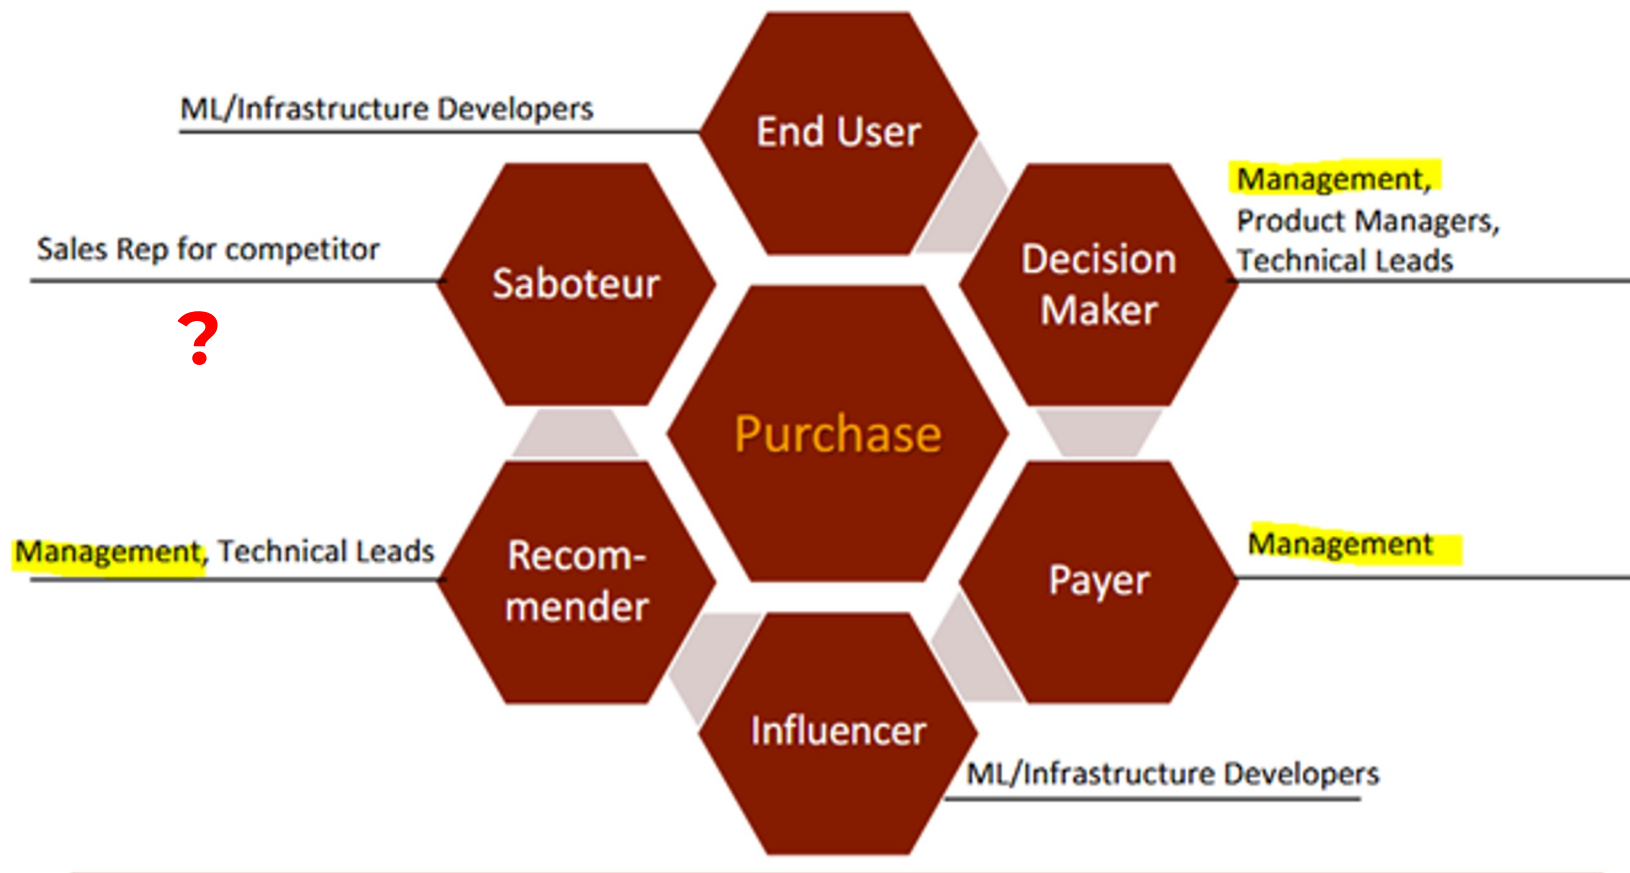

- Each has its own Value Proposition(s)
- Each has its own Revenue Stream
- One segment cannot exist without the other
- *Which one do you start with?*

Customer Roles - Team 17 MLProfiler

Customer Roles

**Constructive
Feedback**

Customer Roles - Team 13 C3 De-escalation

Currently looking at education as the next market

End User:

Elementary, Middle School & High School Teachers, esp Special Ed Teachers

Decision Maker: Director of Secondary Education

Payer: Accounts within school district. In Iowa, accounts within regional mental health districts.

Influencer: State Reps, State Senators, Staff at Education for Equity, parents, and others who pressure schools

Recommender: Primarily teachers & parents, but may include principal or superintendent.

Saboteur: Oddly, a middle-to-high manager at a regional mental health district. Also a well-established local psychologist.

Stakeholders

By Title & Organization

Who is the customer?

Mapping the stakeholders/customer roles

This is the first ecosystem map most of us saw

Ecosystem – Our working definition

How your product interacts with the world once it is in the hands of the customer.

So how do we build one?

- Start with a list of anyone who you think might play a role in your ecosystem (your stakeholders)
 - Customers
 - Suppliers
 - Distributors
 - Servicers
 - Infrastructure/platform providers
 - ...
- Learn how they interact

An example from the agricultural equipment industry.
Equipment sellers like to show harvest running like this:

Grain Harvest Logistics Ecosystem – who should we consider?

- Farmers
- Combine Operators
- Grain Cart Operators
- Grain Truck Drivers
- Public Grain Elevators
- Farmer Owned Grain Storage
- Grain Originators (*learn the vernacular!*)
- ...

However... there are logistical, equipment and traffic challenges...

A simple map for the farmer during harvest

Combine Operator

Grain
Originator

Private Grain Facility

Grain Cart Operator

The
Farmer

Public Grain Facility

Grain Truck Operator

What goes where?

Combine Operator

Build the Healthcare - Home Healthcare Ecosystem

Providing Healthcare in the Home

Influencers Hospitals
Types of
ca Clini
Non-skilled care

Insights and takeaways

- The map is a tool to help you achieve an understanding of your ecosystem by making it visible.
- Use it to help figure out
 - Who the players are
 - Who you need to interview
 - What to ask them about
- The map will change as you learn more

Working Groups

10 minutes

Ecosystem/Stakeholder Map

Who is the customer?

Customer Segments

Definition: Customer Segments

- A well-defined group of people that share the same need/job/problem and can be served by the same business model.

What Makes a Good Customer Segment?

- They are PEOPLE (not companies, departments, ...)
- They immediately grasp the value and “own” the metric
- Obvious who they are
 - You could go to LinkedIn and/or co. directory and search for them
- There are very few people that fit the description that won't buy your product
 - Laser focused on a well-defined group that ALL share the strong and direct value proposition
- Share the same business process and “why” for buying
- List ALL the key stakeholders

Customer Segmentation

Common Mistakes

- Too broad and vague
- Confused with industry segments
- Not traced through the value chain
- At organizational or department level
- Customer doesn't "own" the metric or value

Archetypes and Personas

What is it?

... fact based visual representation of a set of users that helps visualize, understand and build relevant connects with the target users...

<https://userguiding.com/blog/user-persona-examples/>

...depiction of your ideal customer based on actual data from market research, competitor analysis, and existing customer profiles...

<https://www.semrush.com/blog/buyer-persona-examples-beyond-basics/>

Archetypes –Who Am I?

Soccer Mom?

- Jobs to be done
- What do I worry about
- How do I want people to feel about me
- What are my demographics (age, disposable income, where do I live, etc.)
- What are my psychographics (values, beliefs, contributions, volunteer, etc..)

Surfer Dude?

GM Engineer?

Volunteers? Where is your ideal place to live?

EVENT ATTENDANCE ATTRIBUTES

Frequent event go-ers (monthly), tend to be very early planners, and more likely to travel regionally or nationally for an event, tend to go to trending events only.

EVENT INFLUENCERS

- Friends
- Cultural
- Adventure
- Learning
- Networking
- Hype
- Credibility

MOTIVATIONS

Motivated to find new things to do and share them with network, having influence, being the first to know about something and getting tickets right away.

CORE NEEDS

Finding events on social media and being able to easily share them. Being able to see trending events that will up their klout. Also getting notificatinos of on-sale so they can be the first to get tickets.

PAIN POINTS

Finding the time to attend events and staying on budget.

Bio

Working mom looking to buy a new home. Her current house seems too small now that she has a second kid. She is searching for a bigger space close to her current location to accommodate her growing family.

Pain points

- The current house is too small for her growing family.
- Finding a perfect location is challenging since it should meet her needs, as well as her kids' and her husband's needs.
- Juggling work and family life is also challenging. She doesn't have enough time for a home search.
- The economic instability in the country leads to her thinking that buying a house right now is risky and it needs to be a very smart investment decision. However, she has no experience and little knowledge in this area.

Gains/expectations from my product

- Learn from a trusted expert about the best way to invest in her new house in a quick and simple way.
- Find a perfect house in her / similar neighbourhood without going through a nightmare.

Quote

"I feel like it's time for us to find a bigger place, where each of us will have enough room for their needs and where our kids and their own kids will come to stay for Christmas. But making such a decision is really hard since I already have so much on my plate."

Factors influencing buying decisions

- Agency: most of the communications and operations should be carried out online, speed and clarity are very important.
- House: Distance from the city + local infrastructure, space, and modern decor.
- Her husband is the biggest influencer when it comes to selecting the agency and the house.
- Reviews and social proof around real estate agencies are a deal-breaker.

Shawna Cummings

Key info

Age

36

Location

San Francisco

Education level

Bachelor's Degree

Job title

Founder/CEO

Company type

Small agency

Bio

Shawna is a career-oriented professional managing a small marketing agency providing digital marketing services to startups.

Frustrations (pain points)

- Working with clients and simultaneously growing the agency is tough. She ends up trapped in daily tasks while she wants to focus on the business strategy.
- Most of the projects are still managed via spreadsheets and documents, decreasing the overall efficiency.
- There are more clients and several employees in the agency now, but it still feels like she works as a solopreneur.

Jobs to be Done

"When I run a small marketing agency I want to organise project management in a way that lets me delegate it while also being able to keep an eye on things, so I can focus on growing my business and improve productivity."

Gains from my product

- Ensures she can see all projects happening in the agency without spending hours in Google Drive.
- Helps her find the bottlenecks in the campaign production process and identify needs for new hires, investments, etc.
- Lets her delegate project management tasks and operations while also being able to monitor things with ease.

Factors influencing buying decisions

- Extended free trial option.
- Affordable subscription plan for small teams.
- Responsive customer support and customer success that can help her and her team learn.

Industry experience and knowledge

- Started researching different options for automating project management, knows the main players.
- Has never adopted any project management tools on a company level before, but came across several solutions when she was an in-house employee.
